Volume 33 Number 1

February 2019

## Presidential Words For February 2019

### Dear Members,

Welcome to the first edition of Turning Talk for our 40<sup>th</sup> Anniversary Year. WSQ was founded on 23 June 1979 by a small breakaway group of disaffected members of the Woodcraftsman's Guild. The aims of the new Society included "to promote, foster and practice the art of woodturning and kindred arts" and "to promote and encourage the appreciation and creative use of all types of wood, particularly Australian native woods." These key objectives still underpin WSQ's activities.

A series of special events are planned to celebrate our Anniversary Year:

- Saturday 16 February. A planning session will be held as part of the Woodturning Discussion Forum. Please come along with lots of enthusiasm and ideas.
- Saturday 2 March. Egg turning demo featuring 3 or 4 WSQ members showing us their special techniques for turning an egg shape.
- Saturday 16 March. Wooden Egg Competition. See entry form later in this newsletter
- Tuesday 19 March. Annual General Meeting followed by the award of Egg Competition prizes and another special occasion.
- Saturday and Sunday 23-24 March. WSQ Open Days. The Open Days will feature a Special Exhibition of Wooden Eggs, including the prize-winning pieces from the Wooden Egg Competition. A form for booking tables and volunteering for other Open Day activities is included later in this newsletter.
- Saturday 22 June. The main focus of the 40Y celebrations will be a ceremony with invited guests, speeches, honouring of Life Members,

birthday cake and morning tea. The morning will start with the presentation of awards for the Annual Competition. After lunch, Stephen Hughes from Melbourne will present the first segment of his 1½-day demo. Stephen is a long-time friend of WSQ having attended WSQ's International Symposium at Griffith University in 1988 and presenting guest demos in 1991 and 2005.

- Sunday 23 June. Continuation of Stephen Hughes demo.
- 10-11 August. Our 40<sup>th</sup> August Exhibition at Mt Coot-tha Botanic Gardens. The first was held on 9-10 August 1980.
- 14-15 December. Our 75<sup>th</sup> Exhibition at Mt Coot-tha Botanic Gardens.

All members are encouraged to come along to the planning session on Saturday 16 February so that we can refine and expand the above program of 40Y events. You are also encouraged to have a go at making a wooden egg, if you haven't done so already, and submitting it for the Egg Competition.

I would like to close with a very special thank you to the band of hardworking members who volunteered to help on the working bees on 4 and 8 January to sort out the wood stored under the workshop, using chain and band saws to prepare the timber into suitable blanks for woodturning. We now have a good supply of turning blanks that can be purchased through the Shop.

My thanks also go to Bob McGeechan, who has agreed to fill the casual vacancy on the Management Committee. Welcome back, Bob!

# Peter Wyer's February Demonstration

The first demo for 2019 will be held on Saturday 2 February, 9.00 am to noon. Peter Wyer will show us his techniques for "Texturing on Rims of Bowls". Peter is a very good and innovative turner who conducts very interesting demonstrations. Don't miss this demo. Some images of Peter's projects follow.

# Table Booking and Volunteering Form

## Open Days, 23-24 March 2019

Volunteers are needed for the following activities during the weekend. Please consider how you can help to make this year's Open Days successful and memorable by ticking all boxes where you could contribute a few hours of your time over the weekend. Completed forms should be returned to Brian Creese, Alwyn Clark or Bob Kennedy by Saturday 2 March. Rosters will then be prepared based on your preferred activities and availability for individual sessions.

Name: \_\_\_\_\_

**Sellers,**  
limit of one table per member. All sellers are expected to spend some time demonstrating in the workshop at some stage over the weekend.

**Publicity,**  
including distribution of flyers around the neighbourhood and setting up the banners before the event.

**Raffle prize,**  
donation of a suitable eye-catching woodturned item will be very welcome. Please see Paul Tierney.

**Raffle tickets.**  
Sale of raffle tickets over the weekend.

**Welcome VIPs**  
and other guests, **organise tours** of the facility as appropriate, and talk to visitors about the **benefits of WSQ membership.**

**Organisation of the Wooden Egg Display and People's Choice Award** for the Wooden Egg Competition.

**Donations of cakes, scones and biscuits for morning and afternoon teas**

**Morning and afternoon teas,**  
volunteers are needed both days for serving tea, coffee and cakes.

**BBQ lunch.**  
We need one member to organise the BBQ lunches, and a couple more to cook and serve the food.

**Sales Desk,**  
including wrapping of sold items.

**Woodturning Demonstrations.**  
It would be great to have two or three lathes in operation throughout the weekend. No prior demonstrating experience is required, just a willingness to allow others to watch you turning. It would be great if all of our sellers also contributed to the woodturning demonstrations.

**Other demonstrations and hands-on activities.** Pyrography, leatherwork, toymaking, egg painting, etc.

## Jest a Moment

After an intense high speed chase, an officer finally gets the law breaker to pull over. "You know," says the cop, "I was originally pulling you over to tell you your taillight is out. Why the hell did you take off like that?" "Last week my wife ran off with a cop," the man said "and I was afraid you were trying to give her back."

## Treasurer's Report

A summary of our financial position during November and December is:

	Nov	Dec
<b>Receipts</b>		
Container Refunds	\$14	\$173
Memberships	\$875	\$745
Meeting Income	\$1,322	\$479
Shop Sales	\$1,109	\$341
BCC Water & Sewerage Subsidy	\$200	-
Mt Coot-tha Exhibition	\$5,655	-
WSQ Hall rental	\$1,000	\$120
Christmas Party (including raffle)	\$240	\$675
Milwaukee Raffle	\$685	\$390
Sundry Income	\$194	\$104
	<u>\$11,294</u>	<u>\$3,027</u>
<b>Less Payments</b>		
Workshop Expenses	\$298	\$166
Members' Badges	\$187	-
Newsletter Expenses	\$205	\$103
Cleaning	-	\$300
Insurance	\$332	\$332
Shop Purchases	\$463	-
Repairs & Maintenance	\$434	\$76
Rates	\$309	-
Equipment Purchases	\$674	\$98
Mt Coot-tha Exhibition Expenses	\$1,638	\$498
Christmas Party	\$66	\$540
Electricity	-	\$988
Telephone & Internet	\$113	\$111
Drought Donation	\$750	-
Other Expenses	\$241	\$81
	<u>\$5,710</u>	<u>\$3,293</u>
<b>Cash Surplus/(Deficit)</b>	\$5,584	(\$266)
<b>Cash at Bank</b>	\$36,373	\$36,107

Comments re some of the larger items are:

- Net profit from the November Mt Coot-tha Exhibition was \$3,591, slightly lower than the preliminary figure mentioned in December's Turning Talk; this is due to the Charity Table sale proceeds being paid to Hummingbird House during December.
- Repairs and Maintenance costs were mainly for replacement defibrillator pads and servicing of the Cardiff Air system.
- Equipment Purchases included two 100 litre wheelie bins for collection of refundable containers, two new banners for exhibition advertising and a new printer.

The Drought Donation consisted of members' direct donations of \$372, which were matched by WSQ. As noted elsewhere in the Turning Talk, the donation was paid to Rotary Club of Longreach.

system, Milwaukee cordless impact drill and an assortment of Milwaukee tools and accessories, valued at \$1,500.

Thanks to everyone who supported the raffle by buying and/or selling tickets and by encouraging others to purchase tickets.

Finally, a very hearty thanks to WSQ member, Murray Niebling who, through his business DEFAUS, kindly donated the major prize of the Milwaukee Packout kit, and arranged for Total Tools at Coopers Plains and Milwaukee to donate the other tools.

Congratulations to WSQ Member, Nick Paznikov, who won our raffle of a Milwaukee mobile tool storage

## Council Library Displays

Many thanks to all who loaned turned pieces for display in council libraries. I have been returning items loaned two years ago but have been unable to make contact with the owners of some items. These items have been stored temporarily in the WSQ library so the owners can collect them when convenient. The items belong to: Alan Loxton, Jim Thallon, and Stephen Auer. Thanks again guys.

## An Opportunity to Make Money from Woodturning

Do you wish you had a regular outlet for your woodturned creations, and were a part of a very successful art and craft gallery? I am currently in this position. Also, I am a member of our club, and exhibit at our Mt. Coot-tha shows.

I am a woodturning exhibitor for the Kingston Butter Factory Arts and Craft Co Op where I have successfully been selling my creations for the past 20 years.

This outlet has been very rewarding for me. However, I will be relocating interstate later in the year. I have been asked by the Gallery Co-ordinator to find a suitable replacement who would like to exhibit and sell their creations.

The gallery is open 6 days a week all year round and caters to bus tour operators as well as the general public.

There are approximately 20 members who all exhibit different kinds of craft items for sale at a very minimal commission of 15% (Can't beat that). Members also have to give one day a fortnight 9am to 3pm to man the counter of the gallery.

The suitable replacement would need to maintain a reasonable display table similar those that at our Mt Coot-tha Shows.

Anyone wishing to find out more about this opportunity to exhibit and sell their work can contact me by phone on 0414839447

This could be as rewarding for you as it has been for me.

## December Demonstration

Seventeen members and friends attended the demonstration held on December 1. The theme was Christmas Decorations. There were 4 demonstrators, as indicated below.

All the items turned, except Rob's Christmas bauble, involved basic spindle turning skills that most WSQ members possess. The design elements of some of the items would require a bit of thought and planning.

### Brian Creese

Brian used Crows Ash seed pods as part of his Christmas decorations.

### Ian Symes

Ian made a small snow man with a hat at a jaunty angle as seen below.

The items below were created by Ian's son Richard.

### Rob McKee

Rob turned the Christmas tree shown below.

Rob turned this hollow Christmas bauble to hang on a tree. This was the most complex item turned during the session. It required the removal of the top of the blank, the hollowing out of the rest of the blank, the reattachment of the top using glue, and the creation of the appropriate bauble shape, including a small collar to allow it to be attached to a tree.

### Theo Haralampou

Due to a shortage of available time Theo only spoke about and showed a number of items he had made over the years.

I would like to have included images of more of Theo's items, but my camera battery had other ideas. Sorry about that Theo and members.

It was a very informative session which gave those attending some new ideas for festive turning projects. Thanks to all the demonstrators.

## WSQ Club Jackets for Sale

Mike Models the Only WSQ Jacket in Existence

I know it is a bit warm to think about winter club jackets, but last year we missed the boat in securing fabric for them. An order for jackets will be placed in early March so I need numbers to

snare a good price and assure a pre-winter delivery.

The attached photo shows the clubs fleecy jacket with embroidered chest patch and zippered front. Sizes are the same as our current light weight club shirts and they will be \$50 for this order only.

Future orders will be a slight increase on this due to the small numbers ordered. We will not be keeping jackets in stock. They will be by special order only.

If you are wishing to purchase a jacket, please supply the following info to me at [mikedodson9@hotmail.com](mailto:mikedodson9@hotmail.com) or by phone on 0427 233 182 before 1/03/2019

## Container Refund Scheme

As previously advised, the Queensland Government's Container Refund Scheme commenced on 1 November 2018. Most drink containers between 150ml and 3 litres will be eligible for a 10 cent refund under the scheme. For those with computers, you can check whether a container is eligible by entering its barcode at <https://www.containersforchange.com.au/how-it-works>.

WSQ has registered as a Container Collection (Donation) Point. This means that, if you wish, WSQ can receive the refund on containers which you return. This can be done in two ways. Firstly,

you can bring your containers to WSQ premises and we will arrange for the refund. Secondly, you can take the containers to your local refund point and nominate WSQ as the recipient of the refund which will be credited to our bank account.

**WSQ's ID for this is C10001309.**

Please consider nominating WSQ as the recipient of your refunds – the more funds we receive from this source, the more funds we'll have to cover operating costs and to improve WSQ's facilities.

## Equipment for Sale

Ben Guha is downsizing his tool collection. He has a number of items for sale at Pine Street on February 5, after morning tea.

Items include power tools, vices, lamps, air tools, drill bits, woodturning tools, chucks and jaws. As I am doing this for Ben, please contact me.

Longreach QLD 4730  
5 December 2018

President Brian Creese  
Woodturners Society of Queensland  
19 Pine Street  
GREENSLOPES QLD 4120

Dear Brian,

The Rotary Club of Longreach wishes to acknowledge and thank your society for its timely and generous donation of \$750 towards our drought support activities.

The Western Queensland community has endured at least six years of drought and many individuals and groups are working to mitigate the impacts. Longreach Rotary uses donations to fund a variety of activities that experience has shown gives individuals and communities a "hand up".

With Christmas approaching we are gearing up to support sixteen of our communities with their Christmas functions. Support includes distributing hundreds of Christmas hams, funding food at the community Christmas tree BBQ and where possible travelling to the smaller communities to cook the BBQ. Last weekend we catered and cooked the BBQ at Ilfracombe on Saturday night and on Sunday night did the same at Jundah plus we distributed Christmas hams at Jundah and Morella.

Thank you for thinking of us out here. We greatly appreciate your donation which helps us help our communities.

Yours sincerely

Damian Arthur  
Treasurer

### **Miracle at WSQ.**

On the morning after the Christmas function, Bob had arranged for us to meet at a mutual friend's place in Yeronga to collect a medium sized olive tree.

3 of us arrived at 7am, cut up the recently felled logs, delivered them to WSQ, and sealed them.

I did a bit of tidying up inside after the function the night before, and when I returned found the "ugliest trailer in Brisbane" had been given a make-over.

They used 'mission brown' to seal the logs, and I now had a smick looking trailer of a similar colour ... and it looks great! The evidence is in the photo. What a great Xmas present from mates.

## Tree of the Month - New Guinea Rosewood

**Botanical name:** *Pterocarpus indicus*.

**Other common names:** Amboyna, (a name for highly figured veneers cut from burls) Solomon Islands Rosewood, Narra.

**Family name:** Leguminosae.

**Distribution:** Papua New Guinea, Philippines, Solomon Islands, South-East Asia.

**Colour:** The heartwood ranges in colour from golden brown, light yellow to brick red. Timber from different countries shows a wide variety of colour range and there can be examples of the colour range in individual sections. The sapwood is pale yellow.

**The timber:** The grain is wavy, interlocked or crossed. The texture is moderately fine and uneven due to the ring-porous structure. The timber has a characteristic fragrant odour. Rosewood can be highly figured- fiddleback, curly and ripple are common as figure. It has a persistent fragrance.

**Mechanical properties:** The greater the amount of red timber the heavier the timber. Medium strength and moderate bending properties. The heartwood is durable but the sapwood is lyctid borer susceptible. Small movement in service.

**Working properties:** Easy to work with minimal dulling effect on tools. Can be glued, nailed, and

screwed without any problems. Takes an excellent polish. Turns very well.

**Uses:** Furniture, high class joinery, musical instruments, decorative veneer, panelling, carved and turned items and novelties.

**Availability:** Fairly common in Australia.

The NEW VL240 Swivel Head lathe has an electronic variable speed drive that gives up to 200% torque on low rpm with a powerful 1.5kW motor. The cast iron lathe is mounted on an adjustable 4mm thick steel plate stand, which has been designed with a 700mm wide footprint for stability and rigidity.

This lathe also includes a newly designed toolrest which has an ergonomic profile. This lathe also includes a digital speed readout located on the headstock that displays the actual spindle RPM. Another great new feature on this lathe is the indexing pin safety switch, so gone are the days of starting your lathe with the pin engaged, destroying belts. This lathe comes with a remote magnetic switch box and can also be purchased as a Bench Mount machine only.
